

Greetings to Everyone!!

I would like to personally invite everyone to attend a great event on August 13th, 14th, and 15th. Miesfeld's 2nd Annual Lakeshore Weekend benefiting Children's Hospital is a three day fund raiser that provides great food, great entertainment for all ages and a lot of fun for a reasonable price!

In February of last year, Don and Donna Cvetan approached me with an opportunity for my company to be presenting sponsor for this event. After listening to them for only a few minutes, I already knew my answer. How ironic that this event will benefit Children's Hospital. On Christmas day 2008, my four year old nephew Lucas had severe leg pains and shortly after, was diagnosed with leukemia. We now fully understand how caring this place really is. The support, knowledge, and friendliness of their staff of doctors and nurses are incredible. Lucas still has many challenges ahead, but with Children's Hospital in control, we have confidence that he will grow up and catch that 50 inch Musky he always tells his dad about.

Just sit back and think.....you probably know someone who has been treated at Children's Hospital. I cannot think of a better event that will donate 100% of the proceeds to a better place. I hope to see all of you at the 2nd Annual Miesfeld's Lakeshore Weekend on August 13th, 14th, and 15th!!!

To Lucas and all the other 4700 visits made by Sheboygan County kids,
This one's for you!!!!

Chuck Miesfeld
